

PRODUCT DATA SHEET

Product ID RGR6
Description: Rescue Triangle

Material: Polyester webbing and PVC
Weight: 0.4kg
Features: Easy to fit in an emergency
Size: 900m x 800m

The RGR6 rescue triangle is a quick and easy way of ascending or descending to a position of safety. The RGR6 can be donned in a matter of seconds but must never be used for fall arrest or a risk of shock loading.
