

## PRODUCT DATA SHEET

Product ID                      RGK45

Description:                    21mm Steel Double-Action Swivel  
Snaphook and Captive Eye

Accredited to:                EN 362: 2004

Material:                      Steel

Plating:                        Zinc

Gate opening:                21mm

External length:              173mm

Closure type:                Double action

MBS:                          23kN

Weight:                        345g

The RGK45 has a double action lock feature similar to the RGK10 and locks automatically.

It has the benefit of a captive eye for permanent attachment to the lanyard. It also incorporates a swivel function which eliminates twisting - particularly when fitted to work positioning or self-retracting lanyards such as RGA1 without load indicator.
